

## Prostock Complimentary Services

### Design Assistance

Sometimes you know just what you need. How to order it, fabricate it, install it and then reap the benefits along with your customer. Sometimes you don't. Especially if you're new to daylighting with polycarbonates. Each project is different. When you need expert help to achieve your goals in aesthetics, economy and performance, that's when Duo-Gard's Design Team comes into play. Right from the beginning so you avoid missteps.

Basic design support is complimentary for your project. There's no charge for you to take advantage of our expertise. The first step is to understanding your project. What end result are you seeking? Are there any special conditions that we need to address? What type of structure is in place.? We can help with the solution. However, please keep in mind that this service is limited in its scope. The intent of Prostock is truly "do-it-yourself", but we recognize that first time Prostock customers may need some design assistance.

If you don't know polycarbonate, you need to know Prostock customer service team. Call us to discuss any of these services at 734-207-9700
