Why Duo-Gard?

Daylighting – using the benefits of natural daylight to illuminate walkways, building entrances, interior work space with state of the art systems designed to compliment new construction and retrofit daylighting situations.

Duo-Gard Industries, parent company of Prostock, has been in the daylighting industry for over 30 years. With respect to daylighting a building, Duo-Gard's been there – done that. We can help you enter into a growing market of green industry products.

Duo-Gard Industries is a technology integration company leading the way by integrating various green technologies to help save energy while providing architecturally appealing products that result in attractive project outcomes. With 30 plus years of experience, our system solutions are time tested and performance tested. Prostock is your conduit for tapping into this history and line of engineered products.

Duo-Gard is a full service company. Architects will find our array of product solutions and ability to collaborate a breath of fresh air. We provide design consultation, estimating, competitive pricing, engineering, submittal drawings, engineer stamps, fabrication, project management and if necessary, installation services.

Prostock, a division of Duo-Gard Industries, is a do-it-yourself stock length program. You benefit from Duo-Gard's years of knowledge and system design, but the contractor handles the project design, engineering, on site fabrication and installation. The Prostock customer service team stands by to assist, if necessary.

If you don't know Duo-Gard Industries, it's time you learned. Please see www.duo-gard.com or call 734-207-9700 for more information.
